

InnovaBalt seminar

"Biophysical methods in drug discovery",

presented by **Professor Michael Sattler,**

*Institute of Structural Biology, Helmholtz Zentrum München and
Chair Biomolecular NMR-Spectroscopy, Dept Chemie, TU München, Germany*

22nd September 2015, Conference Hall, Latvian Institute of Organic Synthesis

9.45-10.00	<i>Registration</i>
10.00-10.05	Welcome remarks
10.05-10.50	NMR studies of protein ligand interactions
10.50-11.35	Structure based drug design
11.35-12.00	<i>Coffee break</i>
12.00-12.45	Isotope labeling of proteins by expression in E.coli
12.45-13.15	<i>Discussions</i>
